HSC
Corporation Girls Higher Secondary School
Coimbatore
91.3%

2018 – 2019

SSLC
Milton Matriculation School
Coimbatore
91.6%

Projects

Empowering Communication through Gesture Recognition

This project is an impactful endeavor aimed at bridging the communication gap between individuals who use sign language and those who may not be familiar with it. It leverages advanced technology, specifically machine learning and computer vision, to develop a system translating sign language gestures into written or spoken language.

Price Comparison Between E-commerce Marketplaces

This social project compares prices and product quality across several e-commerce platforms to provide the best results to customers at a reasonable price while also delivering the greatest outcomes for the companies and their customers. Through improved comparative outcomes, it facilitates people's decision-making

Certifications

- Google Cloud Readiness Certificate for Associate Cloud Engineer
- Infosys SpringBoard Data Structures and Algorithms using Java
- Problem Solving - Hackerrank
- STAR HACK-ERA: 24 Hours Women's Hackathon by GCT and Cognizant
